

2020

MACÁN CLÁSICO

Macán Clásico is a wine that is firmly rooted in its region of origin, the Sonsierra in La Rioja, where the slopes of the Sierra de Cantabria amass centuries of wine growing and wine making tradition, knowledge and culture. It reflects the freshness, fruitiness, vivacity and delicacy of the terroir, plus additional depth and complexity. Red wine wholly made using the Tempranillo variety. Grapes from parcels of limestone soil with sandy clay.

2020 was a bountiful, wet, balanced and fluid vintage. A difficult harvest due to the Covid pandemic, but the vines produced fruity grapes and elegant skins. This was a year in which we were able to extreme extraction and where oak played a greater part in the aging process, in order to add density to the wine.

Macán Clásico 2020 offers a more cheerful, vibrant, digestive but fun expression. Macán Clásico is gradually consolidating its own style.

VINEYARD CYCLE

The first part of the vineyard cycle was marked by a fairly moist spring with high temperatures. The rainfall of May and June helped to accumulate reserves in the soil.

As for temperatures, the average values were above average only during the summer months, mainly during the first half of September, with some days with strong and warm southeasterly winds.

With regard to rainfall, this was a slightly moist season, having mostly occurred between March and June.
