

# 2021

# MACÁN

Since the Rothschild and Álvarez families founded Macán in 2009, time has been our greatest ally in shaping a style of our own. Over these years of learning and discovery, we have found the perfect complement to our wines in new plots and additional varieties such as Garnacha and Graciano.

A hedonistic addition that helps to further consolidate our distinctive style, shaped by the climate and years of accumulated experience. We are, without doubt, immensely proud of this Macán.

**2021 offers a more polished expression, while remaining fresh and profound. A vintage that promises to leave a lasting legacy.**

## GROWING SEASON

The 2021 vintage was marked by above-average rainfall, which proved beneficial in replenishing the vineyard's water reserves. A mild and stable spring allowed for frost-free budbreak, with smooth flowering and fruit set.

On 16 June, heavy storms, accompanied by hail in certain plots, affected around seven hectares of vineyard.

Fortunately, the weather during harvest was favourable, with mild temperatures, minimal diurnal variation, and no fog or rainfall, allowing for a smooth and timely grape picking.
